INTRODUCTION

1. APPLICATION

- 1.1 These General Terms and Conditions of Sale and Delivery of products and services ("General Terms and Conditions") apply to the delivery by Bombas Grundfos de Argentina S.A.U. ("Grundfos") of products, services, and products in connection with services to Customer.
- 1.2 The parties have entered into an agreement, when one party's offer is accepted by the other party, without reservations or alterations. Customer's receipt of products or services constitutes acceptance in fact. The offer, the acceptance, the General Terms and Conditions (irrespective of reference or not), and any other documents explicitly accepted by Grundfos, constitute the agreement for Customer's purchase of products or services (the "Agreement").
- 1.3 Customer must ensure that Grundfos' acceptance corresponds with Customer's order. If Customer fails to notify Grundfos of any non-correspondence without undue delay, Grundfos' acceptance will be binding upon Customer.

2. INFORMATION BY GRUNDFOS

- 2.1 Customer is encouraged to seek any necessary technical advice from third-party. Grundfos is not liable for information given to Customer (or any third party acting on Customer's behalf) before, on or after the Agreement has entered into force, unless the parties have entered into a written agreement including Grundfos' advice and separate payment for any such advice.
- 2.2 If the parties enter into an agreement based on advice from Grundfos, then Grundfos' advice is given only within Grundfos' field of operation, to Grundfos' best knowledge at the time the advice was given and solely based on the information provided by Customer to Grundfos.

PRODUCT SPECIFIC REGULATION

3. GRUNDFOS' INSPECTION

- 3.1 If stipulated in the Agreement, products will undergo inspection and standard testing before dispatch from the factory, subject to applicable charges. Grundfos may supply a test certificate on Customer's demand and at a charge requested by Grundfos. The test certificate is intended to establish the fact that products are manufactured following Grundfos' specifications unless the products are disapproved by the test.

4. DELIVERY OF THE PRODUCTS AND TIME OF DELIVERY

- 4.1 Grundfos shall deliver all products at the place and time agreed in writing, provided that Customer has ensured that all technical details and formalities concerning the execution of the Agreement are available to Grundfos. Exception is made for purchase orders with value less or equivalent to USD300 (excl. VAT), which will be delivered, at Grundfos discretion, to the Autonomous City of Buenos Aires or Greater Buenos Aires and are subject to pick up by Customer or their agent. A freight charge, including air freight, will apply as per Grundfos quotations and invoices and shall be paid by Customer at the same time as the product price as per Clause 9.2.
- 4.2 If products are not delivered 90 days after the agreed delivery date, Customer may terminate for cause, by written notification, the part of the Agreement concerning products in delay.
- 4.3 If Customer does not take delivery (fully or partly) on the date agreed, Customer shall pay any cost arising out of its failure to receive the product or services including but not limited to transportation, storage, handling, surveillance, etc., as per Grundfos invoice/claim. Grundfos may alternatively terminate the Agreement (or part thereof) and claim damages from Customer for any loss suffered caused by non-delivery, including any additional transportation costs. Storage costs equivalent to USD9.5 (excl. VAT) per square meter per day and insurance cost of 0.1% of the product price (excl. VAT) per day will be charged and invoiced by Grundfos to the Customer for the whole period of delay in delivery and shall be paid by Customer as per Clause 9.2.
- 4.4 Grundfos may deliver the products by instalments in any sequence.
- 4.5 Grundfos will accept the return of products of proper quality under the following conditions and charges:
- (a) products will be accepted if returned within 30 days from the delivery date, provided that Grundfos will not be under any obligation to accept products of proper quality returned by a Customer after that time period.
 - (b) depending on the stage and location of production, a minimum charge between 10% and 40% of the invoice value for products (excl. VAT) will apply to each product returned under this Clause 4.5 to cover Grundfos administrative and return handling costs. Return of non-standard products requires Grundfos written approval which will include conditions and charges of the return.
 - (c) Customer shall notify Grundfos in writing of any product return and await Grundfos' written consent accompanied by an official approval document number. If Grundfos accepts the return of a product, the product returned must be accompanied by Grundfos official approval document number, the original invoice number, date of purchase, Purchase Order number and a reason for return. Freight and insurance for standard products to be returned to Grundfos must be pre-paid by Customer.
 - (d) all products must be returned within 7 days after the return is approved by Grundfos to the address specified by Grundfos in their original packaging, unsoiled, undamaged and in an immediate resalable condition.
 - (e) inconspicuous returns will not be accepted by Grundfos and will not affect Customer's payment balance.

- 5.2 For products delivered in connection with service, the risk of loss of or damage to the products will pass to Customer on completion of the services. However, if the products are delivered together with the services, but so that the products are temporarily placed at Customer's/end-user's site until installation (without Grundfos being present at the

site), the risk of the products passes to Customer when Grundfos delivers the products to the site.

6. EXAMINATION

- 6.1 Immediately upon delivery of products (not delivered and installed in connection with service), Customer shall examine the products for any visible defects, or shortage, and ensure that the delivered products comply with the order confirmation. If Customer does not make such examination and notify Grundfos accordingly (if relevant) without delay, Customer shall forfeit its right to claim any defects in the delivered products, which Customer could have discovered during such examination.

- 7.7 Unless otherwise agreed, Grundfos will perform the services by one person. In due time before Grundfos' performance of the services, Customer shall inform Grundfos, if the performance of services will require more than one person. In addition, the warranty does not cover that a product is fit for a particular purpose or will be able to meet its specifications in the actual application.
- WARRANTY PERIOD**
- 10.3 For the warranty to apply, Customer must notify Grundfos of a defect without undue delay after Customer becomes or should have become aware of the defect, and (i) for products, Customer must in every respect notify Grundfos no later than 36 months from the date of delivery of the product, and (ii) for services, Customer must notify Grundfos no later than 6 months from the performance of the services (the "**Warranty Notification Period**"). - 10.6 Place of remedial works is as follows:

- (c) For services, Grundfos inspects and repairs or replaces the defective services at the site of installation of the end-user.

Any product received from Customer for repair, which is not covered by Grundfos warranty, will be kept at Grundfos' workshop for a maximum period of 6 months from the date of quotation for repair services to Customer. After such period, the unclaimed product will be returned to Customer at Customer's cost.
- 10.8 Unless requested by Grundfos, the product may not be disassembled prior to remedy. Any failure to comply herewith will render the warranty void.
- 10.9 Grundfos may refuse – and will not be liable, in contract, tort (including negligence), breach of statutory duty or otherwise – to remedy defects, if Grundfos considers that such remedy may cause harm to the environment or injury to people.
- 10.10 The remedy of repair or replacement is the only remedy available to Customer for defective products or services. Subject to Grundfos' obligations as regards product liability, cf. Clause 11, Grundfos has no other or further liability to Customer whether for breach of agreement, negligence or otherwise in respect of any defect in a product or service.
- 11. PRODUCT LIABILITY**

- 12.3 The limitations set out in Clause 12.1 and 12.2 do not apply if an act or failure to act of a party causes personal injury; or if a party intentionally or in gross negligence causes the other party to suffer a loss.
- 12.4 The parties agree that the price for the products and services reflects the balance of the parties' rights and obligations under the Agreement, including also the limitations in Clause 12.
- 12.5 If Customer bases a claim on losses deriving from more than one agreement or from one or more agreements in combination with a Grundfos company's delivery of products or other services, then Grundfos' total liability (if any) will be allocated to the different supplies based on each such supplies' contribution to the claimed losses. Each allocated part of the total liability will be determined in accordance with the legal basis applicable between the parties for the said part of the total losses, including any agreed limitation of liability.
